annual 4-H project plan

Project Companion Animal

Year 2014

What I want to do and learn in this project (goals)

In this project I wish to raise quality Netherland dwarf and Holland Lop rabbits. I wish to learn more and more daily and grow in my knowledge of all aspects of raising and breeding rabbits. Finally I hope to raise more show quality rabbits and personally grant a show animal.

How I plan to reach my goals

I plan to reach my goals in my Rabbitry, and Companion animal project by continued research and experimenting with breedings to hopefully produce high quality show animals. I also will work with local, experienced breeders to grow in my Project.

Resources I can use (money, supplies, equipment, help from others, reference material, etc.)

I have many resources available to myself such as, saved and earned money, local breeders, who are experts, and then scrap materials to build housing for my animals. Also I have a contract with a local pet store to sell continuously with her.
